

3.3.3. Tennis Section policy on clothing.

The Section rules and regulations require players to dress in recognised tennis attire. Predominantly white is preferred, however 50% coloured clothing is allowed, either as a white top or as a white shorts/skirt. During inclement weather track-suits and waterproof layers, not necessarily white are acceptable.

The footwear must be suitable for the court surface both to protect the player from injury and to prevent unnecessary wear and tear of the surface (for example studded shoes are specifically not allowed).
