Welcome to the latest Newsletter.

Ground Force comes to Poynton - You will hopefully have noticed the small "flower garden" near to the main gate which has greatly improved the entrance area. Thanks must go to Sylvia ("Charlie Dimmock") Boylin for the design and planting and to Les Berry and Alastair for the digging, preparation and laying the paving flags etc. Watch out for our entry at next year's Chelsea Flower Show!

We are of course grateful to everyone else who contributes to the upkeep of our facilities and keeping the place looking tidy. There are some more panels that need painting around the courts, but thanks to everyone who helps - and particularly to Les Berry who is now co-ordinating our ground maintenance activities.

Club Development – For anyone not yet aware, a sub group of the Main Sports Club Executive have been pursuing a potential opportunity to relocate our facilities to a brand new site within Poynton with modern amenities and the promise of at least the same amount of playing surfaces as we have at present. The adult members of each sports section were asked to vote on the idea in March which received an overwhelming "Yes". There's not much more to report at the moment other than the members of the Exec are involved in a series of conversations and presentations with the developer and various planning bodies and we await the outcome of these. Support for the proposal is also being sought from visitors, parents, visitors, residents, etc to try to demonstrate that the move has the backing of the wider community.

And finally ... a reminder that we have a vacancy on the committee for the role of secretary if anyone feels able to step forward.

Mark Costello (Chairman)
